

SCHEDULE 12.9.1**PHYSICAL COLLOCATION SPACE RESERVATION**

Space for Physical Collocation may be reserved on the following basis:

1. AT&T may reserve additional space in an Ameritech Central Office in which it has (or is ordering) for Physical Collocation for permitted telecommunications-related equipment.
2. A reservation may be maintained only by the payment of a non-recurring charge to defray the administrative costs of the reservation system ("Reservation Charge").
3. The reservation can be made for an amount of space no greater than the amount of active Physical Collocation space being utilized (or ordered) for Interconnection with and/or access to the Network Elements of Ameritech by AT&T in the particular Central Office.
4. The reservation takes a priority based on the time at which it is made.
5. In the case of an order for Physical Collocation in an office in which all the unoccupied space is covered by reservations, all reservations will be prioritized. The holder(s) of the lowest priority reservation(s) which, when considering all higher priority reservations, still represent(s) available space sufficient to fill the order for Physical Collocation ("Option Party") will be given the option of "enforcing" or relinquishing its (their) reservation(s).

In this case, an Option Party may enforce its reservation by payment of the recurring Physical Collocation floor space charge otherwise applicable to the reservation space (in lieu of the non-recurring Reservation Charge). The reservation will be maintained until the Physical Collocation arrangement in that office is terminated or the reservation is terminated, whichever comes first. A new reservation may be activated by payment of the Reservation Charge, but it will take a new priority based on the time of reactivation. If an Option Party decides to enforce its reservation in this manner, the holder(s) of the reservation(s) with the next higher priority will be given the option of enforcing or relinquishing its (their) reservation(s).

If an Option Party declines to enforce its reservation as indicated above, the reservation is relinquished. A new reservation may be activated by payment of the Reservation Charge, but it will take a new priority based on the time of reactivation.

6. The holder of a valid reservation may place an order for Physical Collocation for the reserved space at any time. If there is sufficient unoccupied space to accommodate the order after subtracting space covered by reservations of higher priority, the order will be processed. If there is insufficient space to accommodate the order after subtracting space covered by reservations of higher

priority and which have been enforced, the holder may maintain its reservation as set forth in Section 5 above.

7. In a Central Office, Ameritech may reserve space on the following conditions:

- The amount of space must be the least amount of space reasonably necessary for the provision of a communications-related service — including Interconnection and the provision of unbundled Network Elements. Except for space reserved for switch (including Tandem Switches and STPs) conversion and growth and for augmentation and conversion of mechanical and electrical support systems and building infrastructure, the reserved space must reasonably be anticipated to be used in three (3) years.
- The total amount of space reserved cannot exceed the amount of space Ameritech is currently using in the Central Office.
- Ameritech will impute an amount equal to the reservation charge to the appropriate operations for which the space is reserved.

8. Ameritech shall enforce its reservation in the same manner in which AT&T and other collocating Telecommunicating Carriers shall be required to enforce its reservations. In that case, Ameritech will impute the floor space charge to the operations for which the space is reserved.

SENT BY:

-MAYER. BROWN & PLATT;# 7/21

SCHEDULE 12.9.3

COLLOCATION CAPACITY PLANNING

By the end of Contract Month 3, AT&T and Ameritech shall jointly develop a planning process for meeting AT&T's space and intraoffice facility requirements which shall include the procedures to be followed for the AT&T quarterly forecast of anticipated additional power requirements.

SCHEDULE 12.12**DELIVERY OF COLLOCATED SPACE****1.0 Delivery of Physical Collocation Space**

1.1 Upon receiving the written notification of the availability of Collocation space from Ameritech, AT&T shall send written verification that it still requires each Collocation space requested on AT&T's application for which space is available. This written notification is AT&T's firm order for service for each Collocation space requested. Subject to Section 1.3 below, AT&T's written notification shall be accompanied by AT&T's payment of forty percent (40%) of all applicable Central Office Build Out ("COBO") fees (the "Initial COBO Payment"). COBO modifications and additions to space described in the proposal will not begin until the Initial COBO Payment has been paid. Delayed payment of the Initial COBO Payment may delay the actual service date.

1.2 So long as AT&T has a satisfactory credit rating with Ameritech for the twelve (12) month period preceding the date of AT&T's request for Collocation pursuant to Section 12.12, AT&T shall pay the COBO charges as follows:

Initial COBO Payment:	40% of COBO charges
Delivery by Ameritech of confirmation that construction of space is fifty percent (50%) complete:	40% of COBO charges
Completion of space conditioning:	20% of COBO charges

If AT&T's credit rating is not satisfactory within the aforementioned period, AT&T shall pay the COBO charges in accordance with the provisions of Ameritech's applicable tariff.

2.0 Additional Rules and Regulations Applicable to Physical Collocation Space

Physical Collocation will be provided subject to the following provisions:

2.1 AT&T will be responsible for any extraordinary costs incurred by Ameritech to prepare the Collocation space for the installation of AT&T's equipment and for extraordinary costs to maintain the Collocation space for AT&T's equipment on a going-forward basis. Extraordinary costs may include costs for such items as asbestos removal, fire suppression system or containment, modifications or expansion of cable entry facility, increasing the DC power system infrastructure capacity, increasing the capacity of the standby AC system or the existing commercial power facility, conversion of non-Collocation space, compliance with federal and state requirements or other modifications required by local ordinances. Ameritech will charge for these costs on a time-sensitive or time-and-materials basis. An estimate of such costs plus contribution will be provided to AT&T prior to commencing such work. Extraordinary costs will only be billed to AT&T if such costs have

been authorized by AT&T. Ameritech must advise AT&T if extraordinary costs will be incurred within twenty (20) Business Days of AT&T's request for space. Otherwise, AT&T will not be responsible for such costs. Extraordinary costs do not include costs associated with maintenance and upkeep of the building.

At the initial walkthrough referred to in Section 12.12.2(h), Ameritech shall provide to AT&T a written proposal which covers AT&T's requirements for the space and details the associated requirements and the applicable charges required to meet AT&T's specific request and the expected service date. AT&T shall acknowledge acceptance of the charges in the written proposal by signing it and returning a copy to Ameritech. Upon receipt of AT&T's signed proposal, Ameritech will begin the work and charge AT&T for the actual time and material needed to complete the modifications plus a reasonable contribution. In no case will actual charges exceed those estimated by more than ten percent (10%).

2.2 AT&T will be responsible for notifying Ameritech of any significant outages of AT&T's equipment which could impact any of the services offered by Ameritech, and provide estimated clearing time for restoration.

2.3 AT&T is responsible for coordinating with Ameritech to ensure that services are installed in accordance with the service request.

2.4 AT&T is responsible for testing, if necessary, with Ameritech to identify and clear a trouble when the trouble has been sectionalized (isolated) to an AT&T-provided service.

2.5 Before beginning delivery, installation, replacement or removal work for equipment and/or facilities located within the Collocation space, AT&T shall obtain Ameritech's written approval of AT&T's proposed scheduling of the work in order to coordinate use of temporary staging areas and other building facilities. Ameritech may request additional information before granting approval and may require scheduling changes. AT&T must submit written plans for equipment to be installed in the Collocation space prior to commencing installation.

2.6 Ameritech has the right to inspect AT&T's completed installation of equipment and facilities and to make subsequent and periodic inspections of the customer's equipment and facilities occupying a Collocation space and associated entrance conduit and riser space. If AT&T is found to be in non-compliance with the terms and conditions of this Schedule, AT&T must modify its installation to achieve compliance. Ameritech will notify AT&T in advance of such inspections, and AT&T shall have the right to be present at the time of the inspection.

3.0 Delivery of Virtual Collocation Space

3.1 Ameritech shall allow periodic inspections of Virtual Collocation space where AT&T equipment is located.

SENT BY:

1-16-97 ; 7:43PM ;

-MAYER. BROWN & PLATT;#10/21

3.2 Ameritech shall ensure that all applicable alarm systems (e.g., power) that support AT&T equipment are operational and the supporting databases are accurate so that equipment that is in alarm will be properly identified.

3.3 See Tariff F.C.C. No. 2, Section 16.3.

SCHEDULE 12.15**COMMON REQUIREMENTS**

The following requirements are applicable to both Physical and Virtual Collocation:

1. Ameritech shall provide to AT&T any intraoffice facilities that AT&T requests and that Ameritech provides by tariff or contract to any carrier.
2. Ameritech shall allow for a Fiber Meet arrangement between the Parties' networks and facilities at the DS0, DS1, DS3, OC3, OC12 and OC48 rates pursuant to mutual agreement of the Parties.
3. AT&T may provide basic telephone service with a connection jack for the Collocated space.
4. Ameritech shall provide adequate lighting, ventilation, power, heat, air conditioning, and other environmental conditions for AT&T's space and equipment. These environmental conditions shall comply with Bellcore Network Equipment-Building System (NEBS) standards TR-EOP-000063 or other standards upon which the Parties may mutually agree.
5. Ameritech shall provide access, where available, to eyewash stations, shower stations, bathrooms, and drinking water within the Collocated facility on a twenty-four (24) hours per day, seven (7) days per week basis for AT&T personnel and its designated agents.
6. Ameritech shall provide all ingress and egress of fiber cabling to AT&T Collocated spaces in compliance with AT&T's request for cable diversity. The specific level of diversity required for each site or Network Element will be provided in the request for Collocation. AT&T will pay any additional costs incurred by Ameritech to meet any special diversity requirements of AT&T which are beyond those normally provided by Ameritech.
7. Ameritech shall provide AT&T with written notice five (5) Business Days prior to those instances where Ameritech or its subcontractors may be performing nonemergency work that may affect the Collocated space occupied by AT&T or the AC and DC power plants that support AT&T equipment. Ameritech will inform AT&T by telephone of any emergency-related activity that Ameritech or its subcontractors may be performing that may affect the Collocated space occupied by AT&T or the AC and DC power plants that support AT&T equipment. Notification of any emergency-related activity shall be made as soon as practicable after Ameritech learns that such emergency activity is necessary but in no event longer than thirty (30) minutes after such time. By the end of Contract Month 3 the Implementation Team will agree upon the process for the notification required by this Section (the "Emergency Notification Process"). To the extent that the Emergency Notification Process requires Ameritech to incur additional costs, AT&T shall reimburse Ameritech for such costs.

8. AT&T shall not be required by Ameritech to relocate its equipment during the Initial Term or any Renewal Term. If AT&T, at Ameritech's request, agrees to relocate its equipment, then Ameritech shall reimburse AT&T for any and all costs reasonably associated with such relocation.

9. Should Ameritech sell or lease a Central Office or any portion thereof to a third person during the Initial Term or any Renewal Term, Ameritech shall require such third person to comply fully with the applicable terms and conditions of this Agreement as they relate to such third person.

10. Power as referenced in this Schedule 12.15 refers to any electrical power source supplied by Ameritech for AT&T equipment. It includes all superstructure, infrastructure, and overhead facilities, including cable, cable racks and bus bars. Ameritech will supply power to support AT&T equipment at equipment specific DC and AC voltages as mutually agreed upon by the Parties. Ameritech shall supply power to AT&T at parity with that provided by Ameritech to itself or to any third person. If Ameritech performance, availability, or restoration falls below industry standards, Ameritech shall bring itself into compliance with such industry standards as soon as technologically feasible.

11. Subject to space limitations and AT&T's compliance with the applicable request process and payment requirements of this Agreement, Ameritech shall provide power to meet AT&T's reasonable needs for placement of equipment, Interconnection, or provision of service.

12. Both AT&T's power equipment and Ameritech power equipment supporting AT&T's equipment shall comply with all applicable state and industry standards (e.g., Bellcore, NEBS and IEEE) or manufacturer's equipment power requirement specifications for equipment installation, cabling practices, and physical equipment layout.

13. Ameritech will provide AT&T with written notification within ten (10) Business Days of any scheduled AC or DC power work or related activity in the collocated facility that poses a reasonable risk of cause an outage or any type of power disruption to AT&T equipment located in the Ameritech facility. Ameritech shall provide AT&T prompt notification by telephone of any emergency power activity.

14. Power plant alarms shall adhere to Bellcore Network Equipment-Building System (NEBS) standards TR-EOP-000063.

15. Cabling shall adhere to Bellcore Network Equipment-Building System (NEBS) standards TR-EOP-000063.

16. Ameritech shall provide Lock Out Tag Out and other electrical safety procedures and devices in accordance with OSHA or industry guidelines.

17. Ameritech shall within ten (10) Business Days after receipt of the Initial COBO Payment for Physical Collocation, and prior to or concurrent with the initial walkthrough for Virtual Collocation, provide AT&T with a copy of any existing drawings showing AT&T's proposed Collocation space and any related Ameritech facilities, and provide information relating to measurements for necessary AT&T cabling which are not obtainable from the drawings. Any copies of drawings shall be redacted so as not to provide proprietary information of other carriers. So long as Ameritech charges other Telecommunications providers for the provision of the foregoing drawings and information, AT&T shall reimburse Ameritech for the costs, if any, incurred by Ameritech to provide AT&T with such drawings and information.

SCHEDULE 12.16**ADDITIONAL REQUIREMENTS APPLICABLE TO PHYSICAL COLLOCATION**

The following additional requirements shall be applicable to Physical Collocation only:

1. Subject to space limitations and AT&T's compliance with the applicable request process and payment requirements for the space, Ameritech shall provide space, as requested by AT&T, to meet AT&T's needs for placement of equipment necessary for Interconnection and access to Network Elements.
2. Ameritech shall allow requests for contiguous space in increments of 100 ft² if the space is not subject to outstanding requests by other Telecommunications Carriers.
3. Other than reasonable security restrictions, Ameritech shall place no restriction on access to the AT&T Collocated space by AT&T's employees and designated agents. Such space shall be available to AT&T designated agents twenty-four (24) hours per day each day of the week. In no case should any reasonable security restrictions be more restrictive than those Ameritech places on its own personnel or independent contractors.
4. For each building in which Collocated space is provided and upon request by AT&T for that building, Ameritech will, at its option, either certify that the building complies with all applicable environmental, health and safety regulations or complete an Environmental, Health & Safety Questionnaire provided by AT&T. AT&T may provide this questionnaire with its request for Collocation and Ameritech shall return it or the applicable certification to AT&T within ten (10) Business Days after Ameritech's receipt thereof.
5. Ameritech shall permit AT&T to install, on equipment node enclosures, an intrusion alarm that can be remotely monitored by AT&T's work center; provided, however, that no such AT&T-installed equipment shall interfere with the existing use of the Central Office.
6. Ameritech shall construct the collocated space in compliance with AT&T's request for Collocation for cable holes, ground bars, doors, and convenience outlets as such are requested by AT&T at prices to be determined.
7. AT&T shall not require advance approval from Ameritech to make improvements or alterations to the Collocated equipment configuration that are not substantial and do not require additional power.
8. Central Office power supplied by Ameritech into the AT&T equipment area shall be supplied in the form of fused power feeds from Ameritech's main power distribution board to

AT&T's BDFB located in the designated AT&T equipment area. The power feeders (cables) shall efficiently and economically support the requested quantity and capacity of AT&T equipment. The termination location shall be as mutually agreed upon by the Parties.

9. Ameritech power equipment supporting AT&T's equipment shall:

- (a) Provide appropriate Central Office ground, connected to a ground electrode located within the AT&T collocated space, at a level above the top of AT&T's equipment plus or minus two (2) feet to the left or right of AT&T's final request; and
- (b) Provide feeder capacity and quantity to support the ultimate equipment layout for AT&T equipment upon completion of the equipment node construction in accordance with AT&T's request for Collocation.

10. Ameritech shall within ten (10) Business Days after the initial walkthrough provide AT&T with (i) documentation submitted to and received from contractors for any work being done on behalf of AT&T that will be billed as extraordinary expenses; and (ii) a parallel installation sequence.

11. Ameritech shall secure external access to the Physical Collocation space in its Premises in the same or equivalent manner that Ameritech secures external access to spaces that house Ameritech's equipment.

12. Ameritech shall within (30) days of the Effective Date provide to AT&T (i) work restriction guidelines related to any restrictions on the manner in which an AT&T contractor can perform work on Ameritech's Premises and (ii) a list of Ameritech technical guidelines applicable to the collocation of equipment in Ameritech's Premises. AT&T acknowledges that it is responsible to order such technical guidelines at its cost and expense. Ameritech will notify AT&T in a timely manner of any changes to such work restriction and technical guidelines.

SCHEDULE 16.10

3D AND CONDO AGREEMENTS

Easement and Building Operating Agreement between Michigan Bell Telephone Co. and AT&T Communications of Michigan, Inc. and associated agreements for 114 N. Division, Grand Rapids, MI.

SCHEDULE 30.19

PRE EXISTING ARRANGEMENTS

License Agreement between Michigan Bell Telephone Co. and AT&T Communications of Michigan, Inc., dated January 1, 1984 relating to pole Attachments and access to conduits.

PRICING SCHEDULE - MICHIGAN - PRE-JANUARY 1, 1997 PRICING ^{1/}

This Pricing Schedule - Michigan - Pre-January 1, 1997 Pricing shall only be operative and effective on and from the Effective Date until December 31, 1996. On and after January 1, 1997, this Pricing Schedule - Michigan - Pre-January 1, 1997 Pricing shall cease to be of any force and effect and the terms of the Pricing Schedule - Michigan shall apply thereafter during the term of this Agreement.

I. Reciprocal Compensation

If the number of minutes of Local Traffic terminated by either Party on the other Party's network is greater than five percent (5%), plus or minus, of the number of minutes of Local Traffic terminated by the other Party, the Parties shall compensate each other for the transport and termination of Local Traffic at the rate of \$0.015 per minute of use.

II. BLV/BLVI Traffic

Rate = \$0.90 per Busy Line Verification
\$1.10 per Busy Line Verification Interrupt
(in addition to \$0.90 for Busy Line Verification)

III. Transiting

Rate = \$0.002 per minute

IV. Unbundled Network Elements**A. Unbundled Loop Rates****1. Loops - Business - two wire analog-Basic**

Rate = \$8.00 per month plus \$0.21 cross-connection charge per Loop

Loops - Business - four wire analog

Rate = \$16.00 per month plus \$0.42 cross-connection charge per Loop

2. Loops - Residential - two wire analog

Rate = \$11.00 per month plus \$0.21 cross-connection charge per Loop

Loops - Residential - four wire analog

Rate = \$22.00 per month plus \$0.42 cross-connection charge per Loop

^{1/} These rates, terms and conditions shall apply unless altered by the Commission prior to December 31, 1996. If such action occurs, the resulting rates, terms and conditions shall apply until December 31, 1996.

B. Non-Recurring Charges**1. Unbundled Loops**

Not applicable pre January 1, 1997.

2. Number Portability^{2/}

Not applicable pre January 1, 1997.

C. Additional Loop Conditioning Charges^{3/}

Loop Type	Additional Charges per Loop
Electronic Key Line	Rates based on cost
ISDN	\$22.50 per month per Loop
HDSL 2W	Rates based on cost
HDSL 4W	Rates based on cost
ADSL 2W	Rates based on cost

V. Interim Telecommunications Number PortabilitySee Section 13.8.^{2/} See Section 13.8.^{3/} The Additional Loop Conditioning Charges are only applicable if the distance requested on an ordered Loop exceeds such Loop's corresponding transmission characteristics as set forth in Section 9.2.1.

PRICING SCHEDULE - MICHIGAN^{4/}ITEMI - 9-1-1 Service

See Exhibit PS-I

ITEM II - Reciprocal Compensation

A.	End Office Local Termination	\$.003637	per minute
B.	Tandem Switching	\$.000744	per minute
C.	Tandem Transport Termination	\$.000236	per minute
D.	Tandem Transport Facility Mileage	\$.000006	per minute/per mile

ITEM III -- Information Services Traffic

Information Services Billing and Collection:	\$ TBD ^{5/}	per message
--	----------------------	-------------

ITEM IV - BLV/BLVI Traffic

A.	Busy Line Verification (BLV):	\$.47	per use
B.	Busy Line Verification Interrupt (BLVI): (in addition to BLV charge)	\$.58	per use

^{4/} All rates, charges and prices set forth in this Pricing Schedule are subject to the Commission's ultimate determination in Cases No. U-11280.

^{5/} Throughout this Pricing Schedule, "TBD" means "to be determined." The rate structure set forth herein may ultimately be modified.

ITEM V -- Unbundled Network Elements

A. Unbundled Loop Rates

1. Recurring Rates

	Monthly Rates Access Area ^{4/}		
	A	B	C
2-Wire Analog			
Basic	\$ 9.31	\$ 11.84	\$ 14.67
Ground Start	\$10.12	\$ 13.13	\$ 15.79
Electronic Key Line	\$14.63	\$ 20.40	\$ 22.10
4-Wire Analog	\$22.33	\$ 29.91	\$ 34.70
Digital			
ISDN	\$11.18	\$ 14.84	\$ 17.26
4-wire 64 Kbps	\$ TBD	\$ TBD	\$ TBD
4-wire 1.544 mbps	\$ TBD	\$ TBD	\$ TBD
Cross Connect Charge (additional, per cross connect):			
2-wire	\$ TBD		
4-wire	\$ TBD		
6-wire	\$ TBD		
8-wire	\$ TBD		
DS1	\$ TBD		
DS3	\$ TBD		
Service Coordination Charge - per carrier bill, per switch.	\$0.74		

^{4/} "Access Area" is as defined in Ameritech's applicable tariffs for business and residential Exchange Line Services.

2. Non-Recurring Rates

Service Order—Establish/Change: \$38.44^{2/}
(Business or Residence)

Line Connection: \$32.76^{3/}
(Business or Residence)

Record Change \$8.35

Provisioning Change \$8.35

B. NID^{4/} No Charge

C. Switching

1. Unbundled Local Switching

	<u>Non-Recurring</u>	<u>Monthly</u>
A. Custom Routing		
- per new LCC, per switch	\$ TBD	-
B. ULS Ports		
- Line Side Port without vertical features		\$.54
- Basic Line Port, per port	\$47.30	\$2.12
- Ground Start Line Port, per port	\$47.30	\$2.57

- Each Additional Minute		\$.0017

	<u>Non-Recurring</u>	<u>Monthly</u>
Unbundled Tandem Switching		
Tandem Trunk (DS1)	-	TBD
Unbundled Trunk Port Features	-	TBD
Service Order Charge	TBD	
Line Connect Charge per DS1	TBD	
Subsequent Changes	TBD	
	<u>Per Minute</u>	
Usage Without Tandem Trunks	\$0.0006	

D. Dedicated Interoffice Transmission Facility

1	DS1 Rates	Rates, charges and prices proxied from F.C.C. Tariff No. 2, Section 7.5.9.
2	DS3 Rates	Rates, charges and prices proxied from F.C.C. Tariff No. 2, Section 7.5.9.
3	OC-3 Rates	Rates, charges and prices proxied from F.C.C. Tariff No. 2, Section 7.5.10.

4 OC-12 Rates

Rates, charges
and prices
proxied from
F.C.C. Tariff
No. 2, Section
7.5.10.

5 OC-48 Rates

Rates, charges
and prices
proxied from
F.C.C. Tariff
No. 2, Section
7.5.10.

6 STS-1 Rates

TBD

E. Shared Interoffice Transmission Facilities¹⁰

1 DS1 Rates Rates, charges, and
prices proxied from
F.C.C. Tariff No. 2,
Section 7.5.9

2 DS3 Rates Rates, charges, and
prices proxied from
F.C.C. Tariff No. 2,
Section 7.5.9

E. Shared Interoffice Transmission Facilities
(referenced as Switched Transport Services in
Ameritech's F.C.C. Tariff No. 2)

Rates, charges and prices proxied from F.C.C.
Tariff No. 2, Sections 6.1.3 and 6.9.1

¹⁰ A Shared Interoffice Transport Facility is a billing arrangement where two or more carriers share the features, functions, and capabilities of the transmission facility and share the cost. The actual price paid by each carrier is dependent on the number of carriers sharing the facility and the respective percentages designated for billing to each of the sharing carriers. The sum of the respective percentages must equal one hundred percent (100%).

F. Transiting.

1. The Transit Service Charge shall consist of the rates for (i) Tandem Switching, as set forth in Item V(C) of this Pricing Schedule, and (ii) the FCC Shared Transport access rate as set forth in Item V(E) of this Pricing Schedule.

G. Signaling Networks and Call-Related Databases

1. Signaling Networks

Rates, charges, and
prices proxied from
F.C.C. Tariff No.
2, Sections 6.9.1
and 6.9.2.

2. Call-Related Databases

800 Service

Rates, charges,
and prices proxied
from F.C.C.
Tariff No. 2,
Section 6.9.4.

LIDB Service

Rates, charges,
and prices proxied
from F.C.C.
Tariff No. 2,
Section 6.9.1.

3. Service Management Systems

Access to Databases - TBD.

H. Operator Services and Directory Assistance

1. Operator Services^{11/}

Manual Call Assistance Occurrences - rates will apply based on the total monthly volume and a LIDB charge will apply separately to all occurrences requiring billing validation.

\$TBD per occurrence

Automated Call Assistance Occurrences - rates will apply based on the total monthly volume, and a LIDB charge will apply separately to all automated occurrences.

^{11/} There is not a corresponding F.C.C. Interstate Access Tariff for Operator Services.

TBD per occurrence

Branding per trunk group -- TBD non-recurring charge

2. Directory Assistance

The rates, charges and prices for Directory Assistance are set forth in F.C.C. Tariff No. 2, Section 9.7

I. Combinations of Network Elements^{12/}

	Rate/Month Access Area		
	A	B	C
Unbundled Element Platform	\$9.24	\$10.64	\$12.08
Loop Combination	\$8.60	\$10.00	\$11.44
Switching Combination #1	\$1.07	\$ 1.07	\$ 1.07

J. Rates for Maintenance.

1. Trip Charge - TBD
2. Time Charge - TBD

^{12/} Combinations of Network Elements are as set forth on Schedule 9.3.4.

Item VI -- Wholesale Resale Services

A. See Schedule 10.1

B. "Warm" Transfer \$ TBD

Item VII -- Collocation

The rates, charges, and prices for Collocation are set forth in F.C.C. Tariff No. 2, Section 16.5.

Item VIII -- Structure

See Section 16.18.
